

CORPORATE TRANSPARENCY ACT

Valued Friend of Goosmann Law Firm,

We appreciate you reaching out regarding your clients wanting information and assistance with complying with the new Corporate Transparency Act (the “CTA”). As this is relatively new legislation requiring compliance, we created an internal team dedicated to working on the CTA regulations. As we discussed, if you or any of your clients have questions, and/or would like to learn more about the CTA and its specific compliance requirements, please have them reach out to our Firm’s CTA Compliance Team. In addition, we are also offering our services for a flat fee of \$500.00, which include the initial filing and registration.
